

MEMORANDUM

To: CHAIR AND COMMISSIONERS
CALIFORNIA TRANSPORTATION COMMISSION

CTC Meeting: June 28-29, 2023

From: STEVEN KECK, Chief Financial Officer

Reference Number: 4.16, Action Item

Prepared By: Dee Lam, Chief (Acting)
Division of Aeronautics

Subject: **APPROVAL OF THE DIVISION OF AERONAUTICS' CAPITAL IMPROVEMENT PLAN 2023-2032**

ISSUE:

Should the California Transportation Commission (Commission) approve the attached California Department of Transportation (Department), Division of Aeronautics' (Aeronautics) Capital Improvement Plan (CIP) that was presented as an informational item at the May 2023 Commission meeting?

RECOMMENDATION:

The Department recommends the Commission approve the attached Aeronautics' CIP that was presented as an informational item at the May 2023 Commission meeting.

BACKGROUND:

The CIP is a 10-year, fiscally unconstrained listing of capital and planning projects at California's publicly owned, public-use airports. Every two years, Aeronautics reaches out to local sponsors (including cities, counties, and airport districts) to submit projects for inclusion in the CIP, as required by California Public Utilities Code sections 21702-21706. Inclusion in the CIP is a requirement for grant eligibility for the Aeronautics' Acquisition and Development and Airport Improvement Program Matching Grants Programs.

The Aeronautics' Acquisition and Development Program grants are selected from the CIP using a priority matrix in the order of safety, capacity, and security. Additional factors, such as safety inspection reports and local sponsor input, are used as well.

"Provide a safe and reliable transportation network that serves all people and respects the environment."

Changes to the CIP since the May 2023 Commission meeting are in strikethrough and bold as follows:

Facility Name	Project Name	Project Type	Program Year	FAA Grant Amount	State Grant amount	Local Matching Amount	Total Project Cost
Palo Alto Airport	Airport Land Use Compatibility Plan	AIP A&D	2029 2024	\$315,000 \$0	\$15,750 \$315,000	\$19,250 \$35,000	\$350,000

Attachment:
Capital Improvement Plan

CALTRANS DIVISION OF AERONAUTICS CAPITAL IMPROVEMENT PLAN 2023–2032

The Capital Improvement Plan (CIP) is a ten-year, fiscally unconstrained listing of capital and planning projects submitted to the California Department of Transportation (Caltrans). These projects are predominantly based on airport master plans or other comparable long-range planning documents. The CIP is compiled biennially (every two years) in accordance with the California Public Utilities Code (PUC) and is presented to the California Transportation Commission (Commission) for review, comment, and approval.

Inclusion in the CIP is a requirement for grant eligibility for the Aeronautics' Acquisition and Development and Airport Improvement Program Matching Grants Programs. These programs provide financial assistance to local sponsors in order to establish, maintain, and improve the statewide system of airports.

Not all projects listed in the CIP will be programmed or funded. Projects may be funded by various combinations of federal, State, and local sources or may be entirely locally funded projects (LFP).

Airport Improvement Program

The Airport Improvement Program (AIP), administered by the Federal Aviation Administration (FAA), provides grants to public agencies—and in some cases, to private owners and entities—for the planning and development of public-use airports that are included in the National Plan of Integrated Airport Systems (NPIAS). The NPIAS identifies nearly 3,400 existing and proposed airports nationwide that are significant to national air transportation and thus eligible to receive federal grants.

An AIP grant constitutes 90 percent of a project cost. The FAA requires that the local sponsor receiving the grant provide a 10 percent match. Depending on sponsor eligibility (including participation in the CIP) and available funds, the State may contribute up to 5 percent of the federal grant amount to the local sponsor to assist in meeting their 10 percent requirement.

Acquisition and Development Program

The Acquisition and Development (A&D) Program grants are provided by Caltrans for eligible projects in the CIP that are for General Aviation capital improvement and planning purposes. An A&D grant constitutes 90 percent of a project cost. The remaining 10 percent is matched by the local sponsor.

Every even-numbered year, Caltrans prepares, and the Commission approves, the Aeronautics Program, a two-year list of grant projects from the CIP for which funding is available. Projects are selected for the Aeronautics Program based on eligibility and ranking. The Priority Ranking Matrix is used to rank projects. The ranking is based on project category and project description. Project categories listed in priority are: safety, capacity, and

security. Other selection criteria may be used as well, such as input from the Caltrans Office of Airports and the sponsor. The current Priority Ranking Matrix is being updated to include new project categories. Once adopted by the Commission, the new Priority Ranking Matrix will be used to develop the 2024 A&D Program from the list of projects in this CIP.

Airport Land Use Compatibility Plans

A&D grants are also provided to local sponsors to prepare or update Airport Land Use Compatibility Plans (ALUCP). ALUCPs are prepared by County Airport Land Use Commissions as required by the PUC and contain land use measures that minimize the public’s exposure to safety hazards within two-miles around public-use airports. Protecting people and property on the ground from the potential consequences of near-airport aircraft accidents is a fundamental land use compatibility planning objective.

The Division of Aeronautics recommends a comprehensive review and update of an ALUCP at least every five years. Consistent funding for ALUCPs is vital for the protection of the California air transportation system and those communities surrounding the airports. The Commission has historically set 25 percent of the A&D Grant Program to help fund the preparation of ALUCPs.

Data Summary

The total need submitted for the CIP is as follows:

10-year Project Needs	Airport CIP Participation	FAA	State	Local
Commercial Airports	18 out of 26 (69%)	\$6,789,074,579	\$ 140,411	\$6,393,580,972
General Aviation Airports	161 out of 187 (86%)	\$1,892,766,350	\$121,964,260	\$ 147,517,169
Total		\$8,681,840,929	\$122,104,671	\$6,541,098,141

The following tables provide data summaries, airport project submittals, and abbreviations and acronyms. Tables 1-3 summarize data over the upcoming 4-year period (2024-2027) to identify airport short and mid-term needs.

1. Table 1: 4-Year Summary of Needs by County, Airport, and Service Level (2024-2027)
2. Table 2: 4-Year Summary of Needs by Caltrans District (2024 – 2027)
3. Table 3: 4-Year Summary of Needs by Program and Service Level (2024 – 2027)
4. Table 4: 10-Year CIP List of Projects (2023-2032)
5. Table 5: Abbreviations and Acronyms

Woodlake Airport	Transient Apron (Design)	AIP	2029	\$ 243,000	\$ 12,150	\$ 14,850	\$ 270,000
Woodlake Airport	Transient Apron (Construct)	AIP	2031	\$ 3,240,000	\$ 162,000	\$ 198,000	\$ 3,600,000
Yolo County-Davis Woodland Winter Airport	Runway 16-34 Rehabilitation - Design	AIP	2023	\$ 153,000	\$ 7,650	\$ 9,350	\$ 170,000
Yolo County-Davis Woodland Winter Airport	Twy A & B Rehab & Twy Safety Area Grading - Design	AIP	2024	\$ 171,000	\$ 8,550	\$ 10,450	\$ 190,000
Yolo County-Davis Woodland Winter Airport	Runway 16-34 Rehabilitation - Construction	AIP	2024	\$ 1,265,400	\$ 63,270	\$ 77,330	\$ 1,406,000
Yolo County-Davis Woodland Winter Airport	Twy A & B Rehab And Twy Safety Area Grading - Construction	AIP	2025	\$ 1,377,900	\$ 68,895	\$ 84,205	\$ 1,531,000
Yolo County-Davis Woodland Winter Airport	Prepare an Airfield Pavement Management System Plan	AIP	2026	\$ 63,000	\$ 3,150	\$ 3,850	\$ 70,000
Yolo County-Davis Woodland Winter Airport	Relocate AWOS To West Side Of Runway - Design	AIP	2026	\$ 112,500	\$ 5,625	\$ 6,875	\$ 125,000
Yolo County-Davis Woodland Winter Airport	Relocate AWOS To West Side Of Runway - Construction	AIP	2027	\$ 225,000	\$ 11,250	\$ 13,750	\$ 250,000
Yolo County-Davis Woodland Winter Airport	Airport Layout Plan Update (ALP)	AIP	2029	\$ 225,000	\$ 11,250	\$ 13,750	\$ 250,000
Yolo County-Davis Woodland Winter Airport	Rehabilitate Remaining Taxiways - Design	AIP	2030	\$ 157,500	\$ 7,875	\$ 9,625	\$ 175,000
Yolo County-Davis Woodland Winter Airport	Rehabilitate Remaining Taxiways - Construction	AIP	2031	\$ 675,000	\$ 33,750	\$ 41,250	\$ 750,000
Yuba County Airport	Runway 14-32 Improvement - Design	AIP	2023	\$ 225,000	\$ 11,250	\$ 13,750	\$ 250,000
Yuba County Airport	Apron Lighting & Replace Rotating Beacon Improv. - Cons.	AIP	2023	\$ 468,000	\$ 23,400	\$ 28,600	\$ 520,000
Yuba County Airport	Runway 14-32 Rehabilitation - Construction	AIP	2024	\$ 4,680,000	\$ 234,000	\$ 286,000	\$ 5,200,000

Facility Name	Project Name	Project Type	Program Year	FAA Grant Amount	State Grant amount	Local Matching Amount	Total Project Cost
Yuba County Airport	Taxiways A & B Rehabilitation - Design	AIP	2025	\$ 135,000	\$ 6,750	\$ 8,250	\$ 150,000
Yuba County Airport	New Hangar Area Taxiway And Taxiway A/A4 - Design	AIP	2026	\$ 180,000	\$ 9,000	\$ 11,000	\$ 200,000
Yuba County Airport	Taxiways A & B Rehabilitation - Construction	AIP	2026	\$ 684,000	\$ 34,200	\$ 41,800	\$ 760,000
Yuba County Airport	Demolition of Existing Taxiway A4 - Construction	AIP	2027	\$ 90,000	\$ 4,500	\$ 5,500	\$ 100,000
Yuba County Airport	New Hangar Area Taxiway And Taxiway A/A4 - Construction	AIP	2027	\$ 1,161,000	\$ 58,050	\$ 70,950	\$ 1,290,000
Yuba County Airport	Wildlife Hazard Site Visit & Mitigation - Design	AIP	2029	\$ 90,000	\$ 4,500	\$ 5,500	\$ 100,000
Yuba County Airport	Wildlife Hazard Mitigation - Construction	AIP	2030	\$ 648,000	\$ 32,400	\$ 39,600	\$ 720,000
Yuba County Airport	Environmental & Permits for Drainage Improvements	AIP	2031	\$ 117,000	\$ 5,850	\$ 7,150	\$ 130,000
Yuba County Airport	Environmental for Land Acquisition	AIP	2032	\$ 72,000	\$ 3,600	\$ 4,400	\$ 80,000
			Total	\$ 8,681,525,929	\$ 122,403,921	\$ 6,541,113,891	\$ 15,356,043,741

Table 5: Abbreviations and Acronyms

<u>A</u>		<u>D</u>	
A&D	Acquisition & Development	DBE	Disadvantaged Business Enterprise
AC	Asphalt Concrete	Des.	Design
AGIS	Airport Geographic Information System	<u>E</u>	
AGS	Advanced Guidance System	EA	Environmental Assessment
AIG	Airport Infrastructure Grant	EIR	Environmental Impact Statement
AIP	Airport Improvement Program	EIS	Environmental Impact Report
ALCS	All Air Traffic Combined Station	EMAS	Engineered Materials Arresting Systems
ALP	Airport Layout Plan	Enviro.	Environmental
ALUCP	Airport Land Use Compatibility Plan	EV	Electric Vehicle
ANOMS	Airport Noise Monitoring System	Exec.	Executive
AOA	Airport Operation Area	Ext.	Extension
AP	Airfield Project	<u>F</u>	
APMS	Airport Pavement Management System	FAA	Federal Aviation Administration
ARFF	Aircraft Rescue and Fire Fighting	FCT	Federal Aviation Administration Contract Tower
ATCT	Airport Traffic Control Tower	FED	Federal
ATP	Airport Terminal Program	<u>G</u>	
AVGAS	Aviation gasoline	GA	General Aviation
AWOS	Automated Weather Observing System	GIS	Geographic Information System
<u>B</u>		GSE	Ground Support Equipment
BIL	Bipartisan Infrastructure Law	<u>H</u>	
<u>C</u>		Hngr	Hangar
CatEx	Categorical Exclusion	HVAC	Heating, Ventilation and Air Conditioning Systems
Cent.	Central	<u>I</u>	
CEQA	California Environmental Quality Act	ILS	Instrument Landing System
Cons.	Construction	Improv.	Improvement
<u>I</u>		<u>P</u>	
ILS	Instrument Landing System	P/T	Present Weather and Tunderstorm
Improv.	Improvement	PAPI	Precision Approach Path Indicators
<u>L</u>		PCAir	Precondition Air Unit
LADWP	Los Angeles Department of Water and Power	PCC	Portland Cement Concrete
LAX	Los Angeles International Airport	Perim.	Perimeter
LED	Light Emitting Diode	Ph	Phase
LFP	Locally Funded Project	PMMP	Pavement Maintenance Management Program
LPV	Localizer Performance With Vertical Guidance	PMP	Pavement Management Program
<u>M</u>		Pri.	Primary
MAGVAR	Magnetic Variation	Proj.	Project
MALSR	Medium Intensity Approach Lighting System with Runway Alignment Indicator Lights	Pvmt.	Pavement
MBE	Minority Business Enterprise		
MIRL	Medium Intensity Runway Lights		
Misc.	Miscellaneous		
MSC	Midfield Satellite Concourse		

N

NAVAID Navigational Aids
NE Northeast
NEPA National Environmental Policy Act
NPC Noise Compatibility Planning

O

Obst. Obstruction
OFA Object Free Area
Ops Operations

S

SE Southeast
Seg. Segmented
SEQ Southeast Quadrant
SMS Safety Management System
sq. Square
SRE Snow Removal Equipment
SW Southwest

T

TBD To Be Determined
TSS Threshold Siting Surface
Twy Taxiway
Txln Taxiway

V

VALE Voluntary Airport Low Emission
VASI Visual Approach Slope Indicator

W

WHA Wildlife Hazard Assessment
WHMP Wildlife Hazard Management Plan
WHP Wildlife Hazard Plan

Z

ZEV Zero Emissions Vehicle

R

RCC Replacement Cost Coverage
Rd Road
Recons. Reconstruction
Rehab Rehabilitation
REIL Runway End Identifier Lights
Reim. Reimbursement
Reimb. Reimbursement
Reloc. Relocation
RIM Runway Incursion Mitigation
ROFA Runway Object Free Area
RON Remain Overnight Parking
RPT Replacement of Passenger Terminal
RPZ Runway Protection Zones
RSA Runway Safety Area
Rwy Runway
