

NSP 13-9.03. Use with 2022 Standard Specifications. Incorporate immediately.

Section 13-9.03. Use if a temporary concrete washout may be used to collect wastes other than those specified in the 3rd paragraph of section 13-9.03.

Insert the types of waste. Edit as necessary to suit the project conditions. Add or delete items if needed.

Add between the 3rd and 4th paragraphs of section 13-9.03:

You may use a concrete washout to collect:

1. Washout from _____
2. Slurries containing _____, _____, or _____ from _____, _____, and _____
3. _____ waste from _____
4. _____

Add between the 4th and 5th paragraphs of section 13-9.03:

Concrete washout must be covered before and during storm event.
